*Legends...*

*...In Our Own Time.*

**A** long time ago, in a galaxy not too far away, nine adventurous souls and two fearless leaders took upon themselves the quest for the perfect yearbook. Their goal was to create a book that would bring a smile to anybody who picked it up, a book to resurface great memories, a book to which 595 students would turn to recall their high school days.

Blood, sweat, tears, and our last bit of sanity went into designing this yearbook. The annual staff proudly dedicates the 1991 Graham Volume 45 of Bluefield, Virginia, to you, the students,

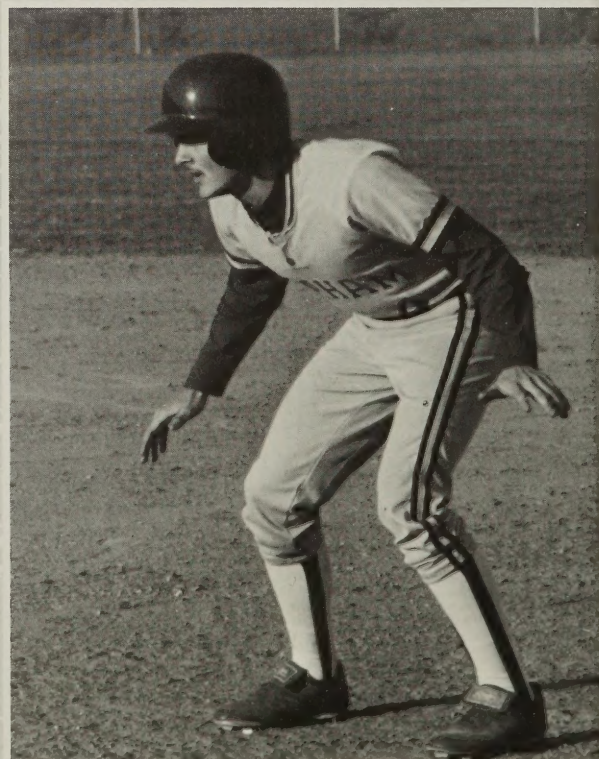

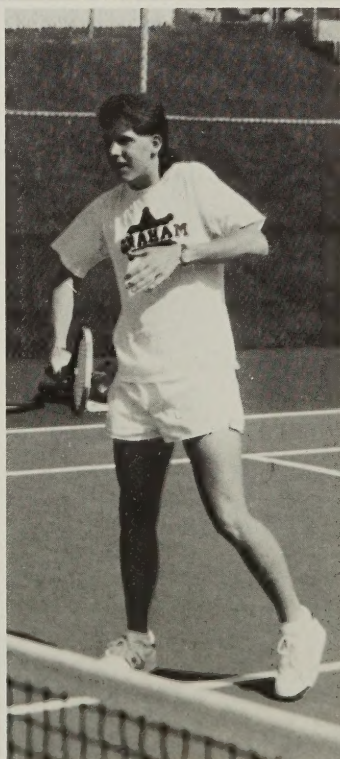

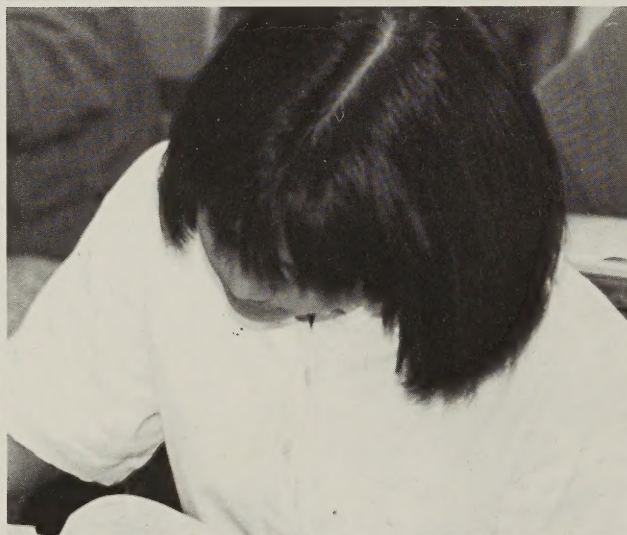

Legends in our own time.

# WORDS From the WISE

Fifteen years from now I will be making records, helping the homeless, and standing for equal rights in America and world peace. If I could be any historical figure I would be Martin Luther King, Jr., because he was a great leader and stood for everything a Black is and should be. — Denise Goins

I prefer girls with no hair. They are more fun because they don't have to fix their hair every five minutes. I idolize Gilligan because he is gifted with great skill and coordination.

— Todd Massey

Why don't I have my homework? Shiite Muslim terrorists took it. I would change the United States' flag because it needs to be black to represent the financial despair we are in.

## the Challenge

From the atom to the sun... the universe pulsates with energy in many forms.

The challenge is to find ways... new ways... to utilize the earth's vast storehouse of fuels in providing the energy needed for this nation to continue to be great.

The means — innovative technologies, exotic engineering, dynamic architecture — exciting advances that must come if man is to tap Nature's iode for the energies he needs.

From the smallest part of the universe to the largest... that's the scope of the energy field today. The opportunity for personal achievement is infinite; the challenge, one that must be met.

# EXTRA! EXTRA! GROUND WAR BEGINS

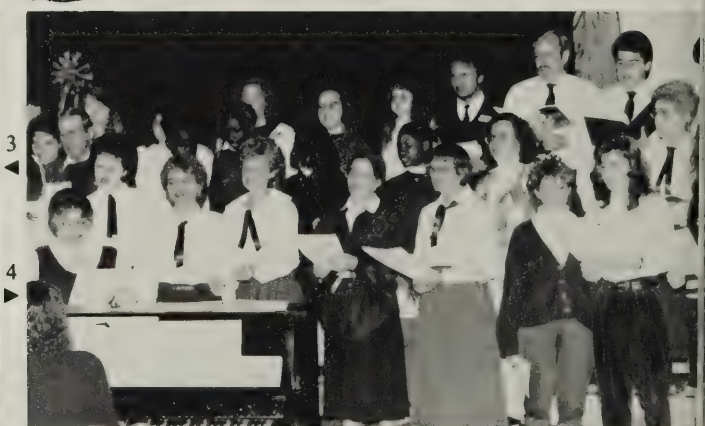

On August 2, 1991, Iraq invaded the country of Kuwait, stripping it of all freedoms. Over a period of several months, the UN formed a coalition of 28 countries to force Saddam Hussein and his forces out of Kuwait. On January 16, 1991, at 7:00 p.m. EST, this coalition, led by the United States, launched a massive air attack on Baghdad, the capital of Iraq. February 22, 1991 marked the first official ground attack inside the Kuwait borders. On February 20, 1991, Graham High School and the citizens of Bluefield expressed their patriotism, support, and loyalty to those serving in OPERATION DESERT STORM.
